

Jigsaw Puzzle Pieces Photo Frame

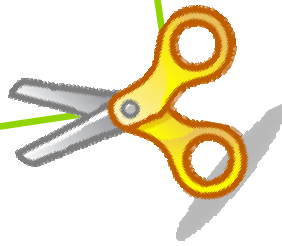

A great fun and creative way to use jigsaw puzzles missing those few important pieces!

What You Will Need: Puzzle pieces, construction/sugar paper or card, glue, magnetic strips and photograph or picture.

WARNING: Due to the use of glue, adult supervision is recommended.

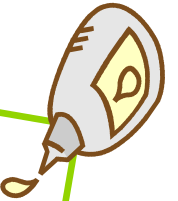

Step One

Cut a piece of card or paper an inch larger on all four sides than the picture or photograph.

Step Two

Glue the photograph to the centre.

Step Three

Glue the puzzle pieces around the photo, overlapping the pieces until the paper is covered.

Step Four

Attach a magnetic strip to the back and find a great place to put your picture!
